Logo

Primary

The primary logo is the main representation of the brand and should be used in most situations. It reflects the brand's full identity and should appear in prominent placements such as websites, presentations, and marketing materials.

Logo

The image shows the secondary logo for 'movin'. It consists of the word 'movin' in a lowercase, rounded, sans-serif typeface. The letter 'm' is stylized with a triangular cutout in its center. The entire logo is rendered in a bright yellow color and is centered within a large, dark navy blue rectangular field with rounded corners.

Secondary

The secondary logo maintains the same design as the primary logo but is presented in an alternate color variation. It is used when the primary color does not suit the background or specific visual context.

Logo

Tertiary

The tertiary logo is another color variation of the primary logo, designed to provide additional flexibility across different backgrounds and applications while maintaining brand consistency.

Tertiary

Here are the three logo mark variations, primary, secondary, and tertiary. Each shown in a different color to ensure versatility and consistency across various backgrounds and use cases.

Logo Clearspace

The logo clear space is defined as one-quarter (1/4) of the logo's total height. This area must remain free of any text, graphics, or other visual elements to ensure the logo maintains its visual impact and legibility across all applications.

Typography

Typography scaling ensures a consistent and harmonious visual hierarchy across all brand materials. By applying proportional size relationships between headings, subheadings, body text, and captions, we maintain readability while reinforcing brand identity. This system allows type to adapt seamlessly across different formats and devices, ensuring clarity and cohesion in every application.
